Lublin University of Technology

- 1953 - **Evening Engineering School** with one faculty: Faculty of Mechanical Engineering

- 1963 - Electrical Engineering Faculty was established

- 1964 - Faculty of Building Engineering

- 1965 - Evening Engineering School → **High Engineering School**

- 1977 – **Lublin University of Technology**

- State (government) university

Civil Engineering and Architecture Faculty

Mechanical Engineering Faculty

Fundamentals of Technology Faculty
Site in Polish

Electrical Engineering and Computer Science Faculty

Environmental Engineering Faculty

Management Faculty

LUT structure - Faculties

- Civil Engineering and Architecture Faculty
- Electrical Engineering and Computer Science Faculty
- Mechanical Engineering Faculty
- Environmental Engineering Faculty
- Fundamentals of Technology Faculty
- Management Faculty

LUT in numbers

- Present:
    - +10,000 students (incl +700 from abroad and +170 PhD students)
    - +1,000 staff (incl. +560 academic teachers)
    - +100 full professors
- +50,000 graduated students
- 19 different study programs with several specialisations
- Levels: 1st (BSc/Eng.), 2nd (MSc) and 3rd (PhD) (7, 3 and 6 semesters)

Study Programs

- Biomedical engineering
- Material Engineering
- Manufacturing Engineering
- Mechanical engineering
- Mechatronics
- Transport
- Electrotechnics
- **Informatics**
- Architecture
- Construction

- Renewable Energy Sources Engineering
- Environmental engineering
- IT education
- Maths
- Safety Engineering
- Finance and Accounting
- Marketing and Market Communication
- Management
- Management and production engineering

Organizational chart - general

```
┌──────────┐   ┌──────────┐   ┌──────────┐

│structure │  │   section    │  │  section   │
└──────────┘  └──────────────┘  └────────────┘
```

Senate - composition

- By the law (Statute of LUT): all Rectors and Deans - > **10**
- Elected by LUT staff/students from groups of:
  - □ Prof. -> **12**
  - □ Other academic staff -> **7**
  - □ Non academican staff -> **3**
 - □ Students -> **8**

Deputy Rectors

- Deputy Rector for Science
- Deputy Rector for Student Affairs
- Deputy Rector for cooperation with the socio-business environment

- Has **own sections** according to their areas of activities

TRUNAK - Karagandy, KZ, Nov 2017
LUT budget (2016) - realization

9%

12%

79%

■ Didactics
■ R&D
■ Others

Total budget: +34 mln EUR

LUT budget - Didactics

- State subsidy
- Fees for education
- Others (educational projects, EU grants)

83%

10%

7%

LUT budget – R&D

2%

18%

28%

52%

- State subsidy
- Science grants
- Industry
- International cooperation

TRUNAK - Karagandy, KZ, Nov 2017

LUT budget – distribution into units

- Civil Engineering and Architecture Faculty
- Electrical Engineering and Computer Science Faculty
- Mechanical Engineering Faculty
- Environmental Engineering Faculty
- Fundamentals of Technology Faculty
- Management Faculty
- Inter-departmental units
- Administration
- Rectors

TRUNAK - Karagandy, KZ, Nov 2017
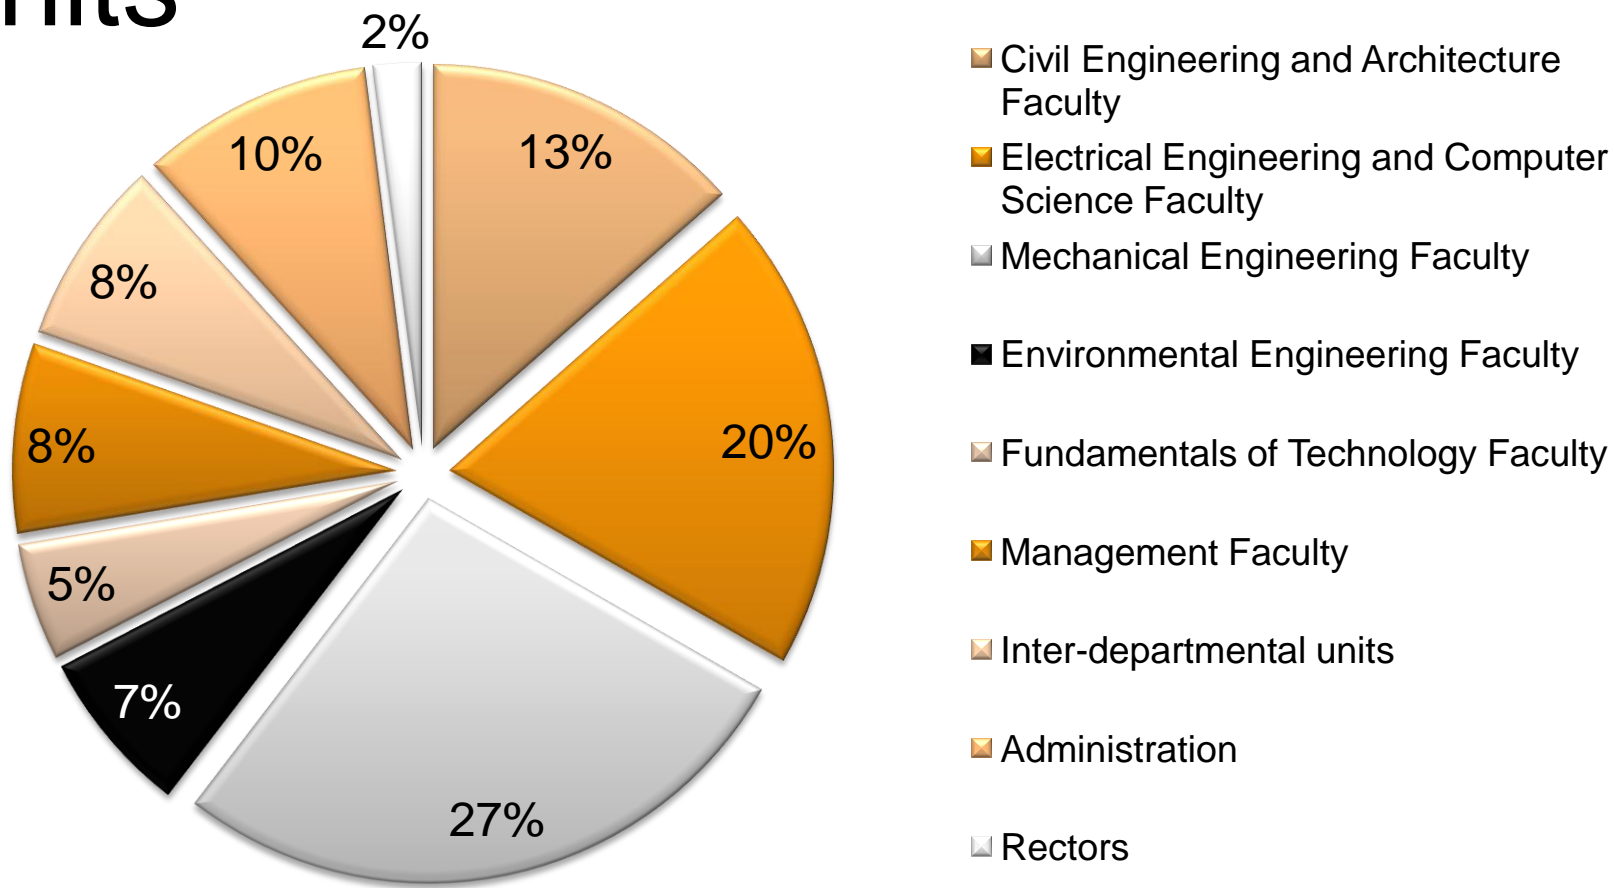

Academic Management - rules

- Internal Quality Assurance System of Education
- A resolution on the principles of creating and abolishing the first and second degree programs as well as guidelines for faculty councils in the design of study plans and programs at the Lublin University of Technology (Senate, 29.10.2015)
- Periodic verification by the ministry - accreditation

Academic Management – 2 different ways

- Depends on Faculty status

- Faculties with highest scentific status (4 faculties of LUT) can create new educational programs by themself without any external (ministry) permisions

- Other Faculties – need approval of the program by the ministry

Students recruitment – rules

- **Polish students** – an algorithm uses the results of the matura exam (unified state exam) via IT system; quota vs. list of candidates and its points; manage by Faculty

- **Foreign students** – special rules, manage by International Exchange Office and Rectors Office

Students recruitment – realization

- IT system for candidates
- Admission committee on Faculty level
- Well-defined administrative procedures supported by IT systems
- Some additional preferences for winners of thematic competitions

Thank you
for your attention
